HARKULEX

Connecting Industry, Empowering Tomorrow.

HARKULEX - Your Partner for Industrial & Automation Solutions

Authorised Supplier & Trader of :

Tools, Machinery & MRO

Power Tools, Hand Tools & General, Industrial Supplies, Material Handling & Machinery

Industrial Automation & Control

Sensors & Measurement, Control Devices, Safety & Switching, Actuators & Motion

Electrical & Lighting

Wiring & Distribution, LED Lighting, General Lighting & Smart Systems

Energy, Power & Storage

Batteries & Cells
Power Solutions & Solar

Connectivity & Housing

Interconnects & Enclosures & Thermal Management

Miscellaneous & Specialty

Healthcare & Safety
General Supplies

We Deal In Leading Brands Such As:

WHO WE ARE ?

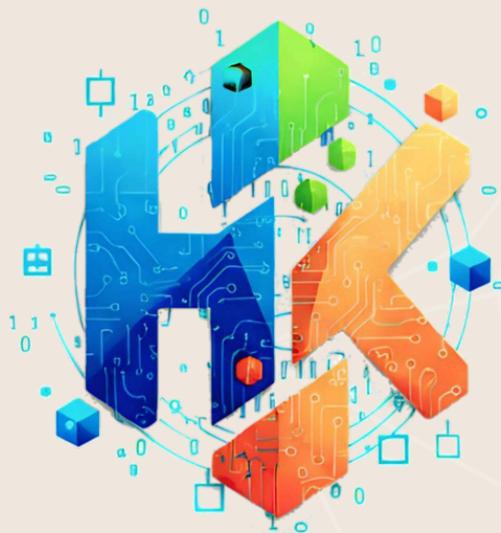

About Harkulex

Harkulex is a trusted supplier and trader of industrial, electrical, and automation products.

We offer a comprehensive range of high-quality solutions including cables, switchgears, lighting, batteries, power tools, safety equipment, and industrial automation systems.

Partnering with leading brands and reliable manufacturers, we ensure every product meets superior quality and performance standards.

At Harkulex, our goal is to deliver efficient, durable, and cost-effective products that power industries and businesses with confidence.

HARKULEX
Connecting Industry, Empowering Tomorrow.

HARKULEX

Industrial Products & Smart Engineering Solutions

WHY HARKULEX

Harkulex delivers reliable industrial solutions across automation, electrical, mechanical, and energy systems. We work with global brands and trusted manufacturers to ensure genuine and certified products.

WHAT SETS US APART

- Multi-brand sourcing under one roof

- Genuine products

- Fast procurement and PAN-India delivery

- Project and bulk order expertise

- BOM fulfilment

- Technical sourcing support

- Long-term EPC and OEM partner

- Responsive service

Harkulex – Industrial Products & Smart Engineering Solutions

OUR SERVICES

We go beyond trading – we become your strategic industrial supply partner.

Industrial sourcing & procurement

Efficient sourcing and procurement of industrial goods from global manufacturers.

Project-based bulk supply

Dedicated supply chain management for large-scale projects and bulk orders.

Automation system sourcing

Specialized sourcing of automation components and systems for industrial applications.

Spare parts support

Quick and reliable supply of genuine spare parts to minimize downtime.

BOM fulfilment

Complete Bill of Materials (BOM) fulfillment for complex projects.

OEM coordination

Seamless coordination with Original Equipment Manufacturers for custom solutions.

Import/export support

Comprehensive assistance with international trade regulations and logistics.

Logistics management

End-to-end logistics and supply chain management for on-time delivery.

Technical documentation

Provision of all necessary technical manuals, certifications, and drawings.
